nelson international MURAL FESTIVAL 2018-2019

A NOTE FROM NDAC...

Public art fosters a community connection, it humanizes our cities, and enriches the visual pallet of our vibrant, evolving and historical culture. It invigorates our landscape and allows people to experience art in an accessible way. Public art adds meaning and value to our community both socially and economically. It can delight, educate and challenge people, prompting intriguing and vital questions as well as providing professional opportunities for artists to thrive. May your curiosity lead you to wander, gaze and appreciate the public art of Nelson.

With appreciation,

JENNA SKIDMORE

President

Nelson & District Arts Council

SYDNEY BLACK
